2021 Georgia Pasqualone Camera Award Winners

Nicole Dean RN, BSN, SANE-A, SANE-P

Clinical Nurse Educator
Forensic Program
Coordinator

Brattleboro Vermont

“Being awarded the Georgia Pasqualone Camera Scholarship this year has allowed our Forensic Nursing Team at Brattleboro Memorial Hospital to upgrade our previously outdated camera that was being used for forensic photography to a stunning Canon EOS 2000D.

This updated camera offers increased clarity and resolution in the photographs taken meanwhile capturing 3.0 frames per second! With this overall improvement in the quality of forensic photographs that we are now able to obtain, we are decreasing the length of time we are spending to obtain quality photographs while still ensuring pediatric and adult survivors have the photographed evidence they may need when moving forward with prosecution.

Thank you again for helping us continue to be able to help our community,

The Forensic Nursing Team at Brattleboro Memorial Hospital”
