

CALL FOR PRESENTATIONS  
AHIMA22 ANNUAL CONFERENCE

**AHIMA22 Annual Conference (In-Person)**  
**October 9-12, 2022, Columbus, Ohio**

**AHIMA22 Annual Conference (Virtual)**  
**November 10-11, 2022**

**IMPORTANT NOTE:** Should your session be chosen for the AHIMA22 Annual Conference to be held in person in Columbus, Ohio, please be prepared to present or record your in-person presentation for our virtual conference. A small group of the sessions presented in Columbus, Ohio will be requested to also present in the virtual conference. The virtual conference dates are November 10-11. Pre-recordings for the virtual conference will take place approximately 6-8 weeks prior to the November 10-11 dates.

**When crafting your proposal, we encourage you to:**

- Consider audience engagement to ensure optimal learning and interactions. Examples of focused audience engagement include:
  - Group exercises
  - Polling
  - Facilitated discussions
  - Unique methods in sharing content
- Include measurable outcomes and their effect on people, communities, and society (for case studies)
- Address the global impact (for international issues)
- Align with AHIMA's organizational goal to present elevated content (i.e., Intermediate or Advanced) as defined by the following:
  - **Intermediate:** Designed to develop a working knowledge of a topic or build on a basic curriculum
  - **Advanced:** Designed to develop in-depth expertise on a topic or knowledge area

**\*NOTE:** Basic or entry level presentations will only be considered if they are used to inform the audience of break-through ideas, concepts, or trends.

## Submissions Guidelines

No names or job titles should be included in the presentation text. Names of submitters will be automatically hidden during the blind presentation review/selection process and will be re-inserted upon publication.

All proposals will undergo blind peer review and be evaluated on the following criteria:

- **Academic level**: Does the content speak to an intermediate or advanced level audience?
- **Clarity of writing**: Is the proposal well-written and organized?
- **Data collection, analysis and/or research**: Is this topic sufficiently researched? Have you included your references and resources?
- **Implementation experience**: How widespread is its use (number of users/ implementations)?
- **Innovative**: Does this proposal introduce new ideas or concepts?
- **Format**: Can the presentation be delivered in a unique, non-traditional setting or style? How do you plan on engaging the audience?
- **Relevance**: Is the proposal relevant to current US focused or international health information issues? Is the proposal relevant to AHIMA's mission and strategy?
- **Goal**: Does the proposal outline practical application for health information professionals? Does the proposal use appropriate approaches or methods?

**\*NOTE:** Industry vendor submissions must be in case study format and include one or more clients as co-presenters.
