The Essential Primer for Physicians and Health Care Professionals in Addiction Medicine

The ASAM Review Course 2019 & Exam

July 25 – July 27, 2019

Hilton Anatole Hotel | Dallas, TX

Course Overview

Educational Purpose

The ASAM Review Course has a major impact on helping physicians prepare for the addiction medicine exam and increasing attendees' knowledge on substance use disorders. The ASAM Review Course is widely recognized as the essential primer for physicians and other healthcare professionals who are preparing for a career in addiction medicine. This two-and-a-half-day course is mapped to the addiction medicine exam blueprint and features outstanding faculty.

Learning Objectives

Upon completion, participants should be able to:

- Demonstrate practical knowledge on the neurobiology of addiction and articulate its activity in terms useful in a clinical setting
- Describe the effects of alcohol, tobacco, and other drugs in both tolerant and non-tolerant individuals, and considerations for special populations
- Describe the process for diagnosing addiction and differentiating the symptoms of addiction from those of other medical or psychiatric disorders
- Explain the various pharmacologic and psychosocial treatments for addictive disorders, and describe the factors that should be considered in selecting a treatment modality to match a patient's needs
- Describe the precipitants of relapse and current evidence-based practices to prevent and manage relapse

ABPM Exam Information

ABPM Eligibility for ABMS Addiction Medicine Subspecialty

Beginning October 2017 through October 2021, physicians who have a primary American Board of Medical Subspecialties (ABMS) board (including current addiction medicine specialists with a primary ABMS board certification) may apply to take the exam and become and/or continue to be an addiction medicine specialist. To find out if you're eligible, visit: www.TheABPM.org/am-i-eligible

After the five-year period ends, a one-year, ACGME-accredited fellowship will be required to become an addiction medicine specialist.

ABPM Exam Applications Accepted from March 15 - July 1, 2019

Physicians interested in taking the exam and becoming certified in addiction medicine need to complete the application on the ABPM website. The application period for the exam will be March 15, 2019 through July 1, 2019. Applicants will be notified of approval electronically by ABPM.

ABPM Exam Administration

A variety of exam dates and locations will be offered from October 14, 2019 through November 3, 2019. Approved applicants will have the opportunity to select their exam location and date upon approval notification. To learn more about the addiction medicine specialty and the exam visit www.TheABPM.org.

Tools and Resources

Included with Course Registration

Printed and Online Resource

Experience the full value of The ASAM 2019 Review Course has to offer! Registration to the ASAM Review Course provides complimentary access to these additional, valuable resources:

- Printed & Online Course Syllabus
- Course Mobile App
- On-Demand Recordings
- Instant Access to CME Certificates

Special On-site Course Feature: Interactive Exam Preparation and Test Questions

During the course be sure to participate in the engaging, interactive 45-minute session about taking the exam and the six interactive exam test question sessions. This will be informative, fast-paced, and a fun way to prepare for the exam!

Additional Tools and Resources

BOARD EXAM STUDY TOOL Self-Paced, Online & Interactive

Learn from the BEST (Board Exam Study Tool)! Be sure to register for the new 2019 BEST when registering for the 2019 Review Course to receive the special registrant rate. The 2019 BEST has been re-engineered with new software to improve the learning experience. This new, dynamic tool allows users to select different learning modes in an engaging, self-paced format to review study resources and 700 board-style questions, developed, reviewed, and mapped to ABPM exam blueprint content areas by national experts. The BEST 2019 will be available in late May 2019.

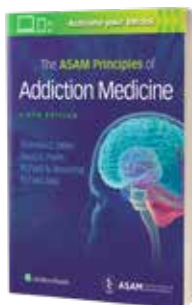

All ASAM 2019 Review Course registrants can purchase the 2019 BEST at a special rate when registering – only \$50. That is a savings of up to \$300.

The NEW 2019 BEST Includes:

- 700 Board-Style Self-Assessment Questions (100 more questions than 2018!)
- Personalized Reporting (New this year)
- Excerpts and Highlights (Utilizes the new ASAM Principles textbook)

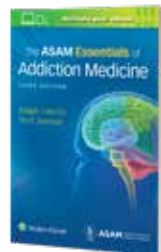

Textbook Resources

Both The *NEW* ASAM Principles of Addiction Medicine and The *NEW* ASAM Essentials of Addiction Medicine are great study tools for the ABPM Certification Examination. Visit www.LWW.com to purchase your copy of these valuable texts now or call 1-800-638-3030. Copies will also be available from the publisher for purchase at the Review Course.

NEW Principles, 6th Edition (Published November 2018)

- The leading textbook in the field of addiction medicine
- Updated with the latest developments
- Basic reference text for the Review course
- Available online and can be accessed on any device

NEW Essentials, 3rd Edition (Published March 2019)

- Quick reference book on virtually all addiction medicine topics
- Companion to the larger ASAM Principles textbook
- Authoritative information on everything addiction medicine
- Concise, easy-to-navigate format for ease of reference

Continuing Medical Education Credit

ASAM has been awarded the highest level of Accreditation with Commendation by the Accreditation Council for Continuing Medical Education (ACCME) as a provider of continuing medical education (CME) for physicians.

Accreditation in the ACCME System seeks to assure the medical community and the public that ASAM delivers education that is relevant to clinicians' needs, evidence-based, evaluated for its effectiveness, and independent of commercial influence.

ACCME Accreditation Statement

The American Society of Addiction Medicine (ASAM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement

The American Society of Addiction Medicine designates this live activity for a maximum of **20.5 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABPM Maintenance of Certification (MOC)

The American Board of Preventive Medicine (ABPM) has approved this activity for a maximum of 20.5 LLSA credits towards ABPM MOC Part II requirements.

ABAM Transitional Maintenance of Certification Program (Tmoc)

Application has been made for The ASAM Review Course to be an approved CME Activity by the American Board of Addiction Medicine for the Transitional Maintenance of Certification (Tmoc) Program for the CME requirement for Part II: Lifelong Learning and Self-Assessment.

ABIM Maintenance of Certification (MOC)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn 20.5 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Program Planning Committee, CME Committee, Medical Education Council (MEC), and Faculty Disclosure Information

In accordance with disclosure policies of ASAM and the ACCME, the effort is made to ensure balance, independence, objectivity, and scientific rigor in all CME activities. These policies include resolving all possible conflicts of interest for the Planning Committees, CME Committee, MEC, and Faculty. All activity Planning Committee members and Faculty have disclosed relevant financial relationship information. The ASAM CME Committee has reviewed these disclosures and determined that the relationships are not inappropriate in the context of their respective presentations and are not inconsistent with the educational goals and integrity of the activity.

Two Pre-Courses: Wednesday, July 24, 2019 | *Separate Registration Required*

THE ASAM Treatment of Opioid Use Disorder Course

Includes waiver qualifying requirements

The ASAM Treatment of Opioid Use Disorder Course:

Includes Waiver Qualifying Requirements

1:00 pm – 5:30 pm | \$199

Edwin A. Salsitz, MD, DFASAM

Adam J. Gordon, MD, MPH, FACP, DFASAM

The ASAM Treatment of Opioid Use Disorder Course curriculum covers all medications and treatments of opioid use disorder and provides eight hours of education needed to obtain the waiver to prescribe buprenorphine. ASAM offers this 8-hour course in a blended format combining live and online learning. The first half of the course is delivered live by nationally-recognized experts in a 4-hour interactive and engaging face-to-face classroom setting. The second half of the course is administered online through 4 hours of independent self-paced learning. ASAM is an approved provider by CSAT/SAMHSA of DATA 2000 training.

ASAM designates this enduring material for a maximum of **4 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ASAM designates this live activity for a maximum of **4 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This course has been approved by the American Board of Addiction Medicine. Physicians enrolled in the ABAM Transitional Maintenance of Certification (Tmoc) Program can apply a maximum of **8 AMA PRA Category 1 Credit(s)™** for completing the Treatment of Opioid Use Disorder Course.

The American Board of Preventive Medicine (ABPM) has approved this activity for a maximum of 8 LLSA credits towards ABPM MOC Part II requirements.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn 8 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

The CO*RE/ASAM

Pain Management and Opioids: Balancing Risks and Benefits

The CO*RE/ASAM Pain Management and Opioids: Balancing Risks and Benefits Course

6:30 pm – 9:00 pm | FREE

Edwin Salsitz, MD, DFASAM

Adam J. Gordon, MD, MPH, FACP, DFASAM

The CO*RE/ASAM Pain Management and Opioids: Balancing Risks and Benefits course addresses this public health crisis. This comprehensive course was developed by renowned experts from Collaborative for REMS Education (CO*RE) and incorporates all six units outlined in US FDA Blueprint for safe opioid prescribing. The updated course also provides necessary context for safe opioid prescribing by discussing biopsychosocial aspects of pain, the newest clinical guidelines on the treatment of chronic pain, and state policies about prescribing opioids. Participants must complete the course assessment and evaluation to claim credit.

ASAM designates this live activity for a maximum of **2.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This course has been approved by the American Board of Addiction Medicine (ABAM). Physicians enrolled in the ABAM Transitional Maintenance of Certification (Tmoc) Program can apply a maximum of **2.5 AMA PRA Category 1 Credits™** for completing the CO*RE/ASAM Opioid Prescribing: Safe Practice, Changing Lives.

The American Board of Preventive Medicine (ABPM) has approved this activity for a maximum of 2.5 LLSA credits towards ABPM MOC Part II requirements.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn 2.5 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Note: These two courses are separate from The ASAM Review Course and are not included in the Full Course registration. Attendees must register in advance or on site. Additional registration fees apply.
